Walk or Cycle

Benefits of exercise

There are many benefits to walking or cycling instead of going on public transport or using your car:

- Strengthen your heart, muscles and bones
- Reduce stress
- Lift your mood
- Improve your memory
- Keep fit
- Lower chances of developing chronic conditions (diabetes, stroke)

There are different options for getting around Anglesey if you don't have a car. This guide will explore each option and give tips to save money.

On your bike!

An excellent way to get around is on your bike.

If you don't already have one, you can purchase a second hand bike from various places including:

- Local Facebook buy/sell group
- Shpock
- Local reuse organisation

Getting to work/college

Planning journeys

Use the Traveline site below to plan journeys:

- <https://www.traveline.cymru/>
- See if there are buses or trains between the areas you need to get to/from
- Look at how long it takes
- Look at when the first/last bus of the day is. It is no good if you need to be in work at 9am and the first bus won't get you there until 10am.
- Look at how frequent the service is. If there is a train only every 2 hours does that help you get to where you need to go?

You will need to travel to get to work or College. How do you get there?

Travel to College

The College you attend is likely to have options for travel that may include:

- Buses put on by the College just to pick up and drop off students. You will get a bus pass to use these buses
- Bus passes for local buses- you may have to pay towards the cost of these, however ask Student Support in the College you attend
- Local train services- you may have to pay towards the cost of these, however ask Student Support in the College you attend
- If you live less than 2 or 3 miles from the campus they might expect you to make your own way to the College.

Travel to work

- If you are in work or looking for work you need to think about how you can get to work
- It is not up to the employer to put transport on for staff, it is up to **you** to find your own way!
- You need to think about how much this will cost and include it in your weekly/monthly budget
- **Will it get you to work on time?**

Example journey times:

- Llangefni to Bangor (bus)- 30 minutes
- Valley to Holyhead- 15 minutes
- Amlwch to Holyhead- 1 hour

Where I live

- Although you are excited about living independently you need to think carefully about where you live
- Is there regular public transport to the nearest town/College? Can you walk/cycle?
- Is there regular public transport to see friends? Can you walk/cycle?
- How long does it take to get to the nearest town? This could be your commute every day if you work

Possible difficulties:

- Limited buses between Amlwch and Holyhead
- Limited buses in villages across Anglesey

Support from your employer

- Your place of work may be part of the Cycle to Work scheme where you loan a bike from your employer with a small amount taken from your pay each month
- They may be able to offer you a loan to cover the cost of an annual train pass with an amount taken from your pay each month
